Optional supporting narrative

As a predominantly primary academy trust we are aware that the majority of our staff are female (87.4%), this also includes our teaching staff and senior leadership team. Our support staff are also female with a significant number in part time and term time only positions.

The data shown demonstrates this, with the vast majority of Key Positions in the Trust having female job holders, whilst this is balanced with the large number of females occupying valuable part time and lower hourly pay rate support positions. The Trust monitors this situation closely with the Unions and is confident that the pay gap is due to the structure of the workforce rather than differences in pay or promotion prospects.

We are actively seeking to recruit more male teachers through our SCITT and for school vacancies to address the balance, for the benefit of our children. We also ensure that our job roles are evaluated to ensure fair pay in each role and advertise each job with no gender bias.

It is also running an active Women in Leadership Programme in conjunction with the Hull Collaborative Teaching School to ensure females who aspire to leadership are given training and mentoring to help them in their ambitions.
